Welcome to our new parishioners! We are so happy that you have chosen to join our parish family. The building of a new church is an important milestone in the life of any parish and ours is no exception. So, we want to give you a little history of how we got here, where we are now in the raising of the money needed to build the church, and our future plans. We invite you to become part of this historic event as you are

## HISTORY:

Our parish was founded in 1958 with the building of the current church which was intended to be temporary; reverting to a gymnasium and social hall when the permanent church is built. After several previous attempts at raising the monies needed to build the permanent church, we are now nearing completion of the campaign that will make this a reality.

We need a worship space that is more conducive to the communal nature of celebrating the liturgy and sacraments. We need a gym for our school, for CYO sports participation, and for hosting large social events.
